MUSICAL FUTURES

Singing through the transition from KS2-KS3 with Martin Ainscough

Musical Futures has developed 'Find Your Voice', an essential training experience for all teachers wanting to explore an approach to vocal work in the classroom at Upper KS2/KS3 that will engage even the most reluctant singers and help to embed the use of mobile technology in the classroom. If you work with pupils in Years 5-8, then this course is for you and will give you plenty of ideas to use in the classroom straight away as well giving hands-on experience of using the 'LoopyHD' and MadPad HD iPad/iPhone apps to get your students using their voices. While iPads will be available to use for the session, feel free to bring along your own with these apps already installed.

Martin Ainscough began his teaching career at Fred Longworth High School in 2007, becoming heavily involved in Musical Futures as a way to make music lessons relevant for his students. He is a non-executive Director of Musical Futures and is currently Head of Applied Learning at the school, where he leads vocational learning across a number of subjects.

3. Summer term – Tuesday 3rd May 2016, 5.00 – 7.00pm
