

# Go To The Park

## (The GM Hub Song)

**(Spoken)** I'm bored – what shall we do?

**CHORUS 1** *Go to the park and have some fun,  
Membership's free for everyone,  
Find your park, it's the place to be  
To exercise, energise, that's the key!  
Go to the park, it'll keep you fit,  
Take a walk or run for a bit,  
Leave behind technology  
To exercise, energise, that's the key!*

- 1 Join the bikers biking and the skateboarders too,  
Join the joggers jogging if you've nothing to do,  
Join the children swinging as they reach for the sky,  
Get stuck in – you can give it a try!

**CHORUS 2** *You can go and get some air,  
The park is always there,  
So take a break and come with me  
To the park!  
You can stay there all day long  
And sing this happy song, so  
Don't be boring, come with me  
To the park!*

- 2 Take along your mates and have a race with them all,  
Take along your dog and teach him tricks with a ball,  
Take along your family, show them all you can do,  
All year through there's space for you!

### CHORUS 3

#### **Group 1**

*Go to the park, it'll keep you fit,  
Take a walk or run for a bit,  
Leave behind technology  
To exercise, energise, that's the key!*

#### **Group 2**

*You can stay there all day long  
And sing this happy song, so  
Don't be boring, come with me  
To the park!*

**BRIDGE** Bright leaves tumbling,  
Storm clouds rumbling,  
Hear the whistling as the wild wind blows.  
Raindrops pattering,  
Hailstones splattering,  
Then the silence of snow...  
*(With optional 'Ah' descant)*  
Dawn is breaking,  
New life waking  
With the promise of a spring explosion.  
Birds and bees and grass and trees and ducks in the pond,  
*(Quack! Quack!)*  
What a commotion!

### **CHORUS 3**

- 3 Hurry to the bandstand, they're performing today,  
Hurry they are waiting and they're ready to play,  
Hurry, see the leader wave his baton around,  
Oompah, oompah – what a sound!
